

NanoTOES Fellows Kickoff Meeting, Budapest, Hungary, 27.-28. May 2011

Tentative program (version 4. May)

26. May: Arrival

20:00 Dinner – number of participants to be estimated

27. May: Day 1

Meeting at the Institute of Experimental Medicine (Club + Library + Small Negotiation Room)

9:30 – 9:35 Welcome by the local organizers (Emilia)

9:35 – 10:30 Introduction to the Marie Curie Programme, the nature of ITN and to NanoTOES (Albert)

10:30 – 11:00 The NanoTOES homepage and online communication platform (Victor)

11:00 – 11:20 Coffee break

11:20 – 13:00 Introduction to the training pathway, WP 5 (Albert and Diana)

13.00 – 14.30 Buffet-lunch on site

14.30 – 16:00 Presentation of Fellows about their previous work, 10 min per fellow + 5 min Q+A: ER1, ER2, ESR 1-4

16:00 – 16:15 Oxygen break

16:15 – 18:00 Presentation of Fellows about their previous work, 10 min per fellow + 5 min Q+A: ESR 5-11

20.00 Dinner

28. May: Day 2

Meeting at the Institute of Experimental Medicine (Club + Library + Small Negotiation Room)

9.30-10:00 Introduction to the scientific issues of WP1, General cellular and molecular reactions triggered by NP (Diana)

10:00 – 10:30 Introduction to the scientific issues of WP2, Cell-and tissue-type specificities in reaction sto NP (Emilia)

10:30 – 11:00 Introduction to the scientific issues of WP3, The fate of NP in contact with biological systems (Victor)

11:00 – 11:20	Coffee break
11:20 – 11.50	Introduction to the scientific issues of WP4, Conclusions on markers and toxicity endpoints for assessment of NP safety (Maria)
11:50 – 13:00	Summing up: Tasks to be done until the next meeting Planning for the next meeting
13:00	End of meeting
